“ *Ms. Henderson was my high school teacher; and although we had a hard time getting her to smile sometimes, she was fair and consistent and always polite and encouraging! She knew that we could do better when we didn't, and I'm sorry that I didn't get to go back and tell her that I understood after becoming a high school teacher. She was still quite young, too! “ *Ms Henderson was my homeroom teacher at Sam Rayburn High School from Fall 83- Spring 87. She was always such a nice and caring lady that made the start of every school day a comfortable place to be. While I didn't have other classes with her, she is one of the most consistent in my high school years and one of the few teachers that I have thought about throughout the years since graduation. She has always been thought of fondly and my positive thoughts are with her family and friends at this time. Ms Henderson made a positive impact on thousands of students throughout her life.*
