

Patricia Perritt

January 12, 1953 - October 30, 2020

Pat was an extraordinarily gifted and loving woman. After graduating from UTA with a business degree, she worked for Tom Thumb for 20 years as a product buyer manager. After retiring from Tom Thumb, her interest in data analysis, took her to the AC Nielsen Corp. At Nielsen, she became a product data analysis and a special client project coordinator.

In 1986, Pat married the love of her life Jack C. Perritt. After Jack retired from the Dallas Police Department, in 2005, they proceeded to build a beautiful retirement home on Richland Chambers Lake and lived the dream they had worked so hard for. Pat continued working part time for the AC Nielsen company as a special project coordinator, which she loved doing from their dream home.

Pat was deeply interested in bird wildlife and especially the variety of species around the lake area. She worked at gourmet cooking and loved sharing her extraordinary meals with family and good friends. Being an avid reader, she never stopped learning or trying to better herself in life. Additionally, she believed in good physical health and worked out religiously; walking three miles a day come sunshine or rain, and then hitting her hand weights.

Her husband Jack said she was the love of his life and the jewel in his heart. They enjoyed their time at the lake, but they also loved traveling and together, they saw much of the world. Alaska, the Canadian Rockies, and the Grand Teton National Park were her favorites.

She is survived by her husband Jack, son's Jack and Richard, and her dear

brother Doug Nickey. Additionally, there are nephews, nieces, grandchildren and great grandsons, she adored and loved them all. She was the kind of person that made everyone around her a better people in life. Her radiant beauty and tender heart will be sorely missed.

“ *I'm so sorry to hear about the loss of Pat. She and I worked together over the past couple years at Nielsen. When I would visit Galderma in Ft. Worth Pat would often come up to meet with me. We'd usually grab a table in the cafeteria to chat and every single time someone from Galderma would spot Pat, come over to give a big genuine "hello!" and share how much they enjoyed working with her. I remember thinking how remarkable that was that Pat had that type of impact on people. I felt it too. She was a joy to be with. She will be missed.*

“ *I'm really sad to hear the news of Pat's passing. Pat and I met during one of her consulting assignments. She was very knowledgeable, organized, and professional, but beyond that, she was kind. I was going through a rough patch at work and Pat helped manage that, even though she totally didn't need to. She went out of her way to give positive feedback to my supervisors, and on several of my reviews I heard comments along the lines of "Pat enjoys working with you, and her opinion carries weight with us". It really helped smooth things over, and I'm grateful for her generosity and compassion. She will be missed.*

“ I am so sorry to hear about the loss of Pat. She and I worked together at Nielsen over the past few years - I often refereed to her as my life saver because she would jump in on projects and get them done when I wasn't sure how or if we'd be able to! She was a joy to work with, had a wealth of knowledge and was always willing to help. We at Nielsen are all completely devastated.

To Jack, my heart breaks for you as you navigate through this. I hope your memories of Pat bring you comfort and remembering her with your family and friends brings you peace.

“ My heart is broken for you, Jack. No words or anything anyone can say or do right now will fill that void inside you. Somehow I know that Pat and Rose Mary are laughing and telling their own war stories about us right now and probably sharing a cartoon by the "Phantom." Somehow that makes me smile and takes away the emptiness for just a second or two. Tough times never last, tough people do. I am here for you when you can breathe again.

Your friend forever, 3442.

Jack my heart aches for you. Pat was a mentor and friend. I'm grateful to have worked with her at Tom Thumb so many years ago and occasionally we would meet in Corsicana for lunch and shopping. I will treasure my time I had with her and I know one day we will meet again. (((Hugs to you Jack)))
