You know this year will be 20 years and I miss you every day. I wish I could see you again and tell you I'm sorry for leaving when I was 15, I had no idea you would have been gone 3 years later, and it kills me every time I think about you. I should have spent more time with you. I really am sorry for being mad at you. When all you did was try your best to be the man you needed to be for your family, and I didn't understand or say anything to you about it and I regret that so much now because I never will get the chance to see or talk to you. I love you and I hope where you're at is beautiful and peaceful. I feel you sometimes and I know you watch over me and I try not to cry in front of anyone but when I'm alone I break down. Anyways I'll be seeing you soon maybe we can pick up where we left off. I love you so much dad and miss you dearly

“ Dad I miss you so much. It's been rough without you here and not so bright of a place. When you're name gets mentioned it starts all over I wish I would have spent more time with you it's like I got shorted time with you. I love you more than words can say. Your granddaughters London and Fallon always say they miss you and love you even though they never got the chance to meet you. They are pretty special girls you would have loved to meet them Fallon looks identical to me, my little mini me. Idk yall probably have a connection somehow she tells me all the time she wishes you could hold her one more time and never let go she really loves you and it melts my heart. By the way were going down to Houston this weekend to see Cole and I'll bring my wife and girls by to see you. I sure miss you so much and love you with my whole heart. Dad

“ Sorry to hear about your lose. We have been out of contact since his mother died several years ago. After this, I lost track of both Perry, Josh & Gene. Please pass along to them that I'm sorry to hear about this, and hope that they will be in touch as I would like to hear from them also.

“ I am so sad today...Just remembering Perry from a child in Elementary school until he was in James and Joan's wedding. What a good friend for James and such good loving parents. I am truly sorry for the family... I won't be able to attend the funeral but James and his Dad will be there..

“ You got some nerve boy. Why did you go runnin off to heaven without saying goodbye? I guess God was done with you down here and needed you back home. I'm sure going to miss you. I can't think of a more loyal and faithful friend that I've ever had. I remember how proud I was the day you stood beside me when I married my wife. You always lite a room up the moment you walked in. I can't remember ever seeing you down or depressed. You were always there to lend a hand when a person needed it. It was a lot of fun being your buddy and an honor. Try to stay out of trouble till I see you again. Love, Joe
