“ *A man with an artists eye, he opened the world of photography to me. Even though we hadn't talked much in years, I remember him with affection. Rest well, you've earned it.*

“ *The thing I remember most about Roger is his big heart. He had a genuine care for people, esp. those who could not take care of themselves. He was a compassionate man with the heart of a Lion. He was always ready to do whatever he could, and was capable of doing. He passed that virtue on to his loving daughter Chrissy and his legacy will live on through her and her children. I think Roger was before his time and the world could not yet appreciate him for the man he aspired to be. He will be greatly missed, but I am grateful he is now with his Father in Heaven. May the peace that passes all understanding be with his family, relatives, friends, and acquaintances during this difficult time.*

“ *Do not stand at my grave and weep  
I am not there, I do not sleep  
I am a 1,000 winds that blow  
I am the diamond glints on snow  
I am the sun on ripened grain  
I am the gentle autumn rain  
When you awaken in the morning's hush  
I am the swift uplifting rush  
Of quiet birds in circled light  
I am the soft star that shines at night  
Do not stand at my grave and cry  
I am not there; I did not die.
