“ *Just as a name such as "Punkin" would suggest, Punkin was just that, a precious Punkin. So much fun growing up, cousins. When I was in the first grade, she was in the 5th...I got out of school before her grade and I'd go to her classroom many days and squeeze into her desk seat with her to wait for the final bell. I don't think she ever asked permission for me to join her, she just lead me in and seated me next to her. I thought she was the boss!*

*Everyone that knew her loved her, there was no other option. She will be missed from this world but she is with our Heavenly Father where no tear falls, no pain is known, and the doors swing outward NEVER!*

*Love you always, Debo*
