“ *I vividly remember Scott's contagious smile the most... I was a teenager of about 11 or 12 when I first met him and I he hired me to mow his lawn. I also remember the good times we had cutting firewood together up on Columbia Lake Road... I always asked his daughters about him whenever I saw them about town. I have not seen him in about 12 or better years, but I would never forget him. I see a lot of his likeness in his children, and may God bless his his eternal soul. He will be greatly missed.*

“ I worked with Scott back in 1975, when he was our Computer Support Rep. for the UPT T-37, T-38 Programs and all the way to our moving to Arlington, TX.

We would visit him and his wife, when he lived in Deposit, NY. I'm still in shock and hope to get to the funeral.

Our love and prayers are with his family.

“ Dad,

I'm sorry your life was taken. I know I did not know you very well, but prayed for you often. I was hoping one day to start talking to you again. I'm sorry I didn't take the step to talk to you. Even though I never saw you I will miss you greatly, I thought of you often, and looked at pictures of you so I wouldn't forget what you looked like. I know you will be taken care in heaven. I love you dad. love,

“ A great loss for all? both family and friends. He was a loyal friend that would share the good times and help a lot of us through the hard times. I first met Scott in the early 80?s and he convinced me to leave the Air Force and come to work with him in Binghamton, NY in the early 80s. We continued to work together in the same department through the company?s move to Texas. Scott knew everybody and most of us still owed him a favor or two. Scott ? we miss you already.

“ My father was a loving man. He didn't get to spend nearly the amount of time he deserved with his children. He had a a lot of accomplishment though. He worked for a great company for a long time. He was very proud of that. His life was cut short. Everything happens for a reason. Maybe, it was his time to go. My father over the last seven years of me living with him became more like a best friend to me more than anything else. He was always their when I needed him. He was always stern with me on his opinions and his advise. His way or the highway was more like it. But, that helped me to become what I am today. I will always remeber the times in Texas. We've had a lot of fun and a lot of heartbreak. That's what make a family a family. My wish is that he is now finally happy. I hope someday we will get to sit down and have one more smoke while he laughs about everything we've been through. I love you dad. Your loving son. Scott Keith Moranda

“ I have known Scott for many years as both a co-worker and a friend. He will be very sadly missed by all who knew him. Scott always had a smile and a great story to tell. My prayers go out to his families in their time of sorrow.

“ My love and prayers go out to the Moranda family - I am still in shock. Hadn't seen Scott for many years but kept up with the news from Aunt Betty. Lots of childhood memories. Wish I could be there with you all, just know that lots of love is being sent your way. Be strong for each other. I love you guys!
Also, to Maureen, even though I have never met you, please know that you and Morgan (and your other daughter) are in our prayers through this nightmare.

“ Scott was a great colleague, a great teacher, and a great friend. I had the wonderful opportunity of working with him at the very infancy of my career. With the knowledge and patience he exuded, I was able to experience, to learn, and further my abilities. He will be greatly missed by all and constantly present in my thoughts.

“ Dad, I miss you greatly. Always have and always will. When I was younger we were alot closer than we have been in the past few years. I tried and I know you did as well to keep things between us close after you had moved to texas. As mom would say i was the "queen of your world" which i could see you felt in your eyes when I visited you in the summers and when we would talk on the phone. I can still hear you say " I Love You Sweetie". I want you to know that I do know you love me as well as Scott and Ashleigh. I wish I had one more chance to tell you how much I Love You. I had hoped that you would be there to watch me graduate college and to walk me down the aisle whenever I was to wed, but I know that you will be looking down on me when those days come. I LOVE YOU AND MISS YOU!! Love Always, Amber Gayle

“ Scott could brighten a room with merely his presence. His smile and his laughter was contagious. You could 'ask him for an inch', and he would respond with a 'mile'. He was a very giving, loving, and caring man and will sorely be missed. My prayers and thoughts will join all your other dear friends for your family.

See you in heaven,

Dave

“ Scott was quite a man. As seen in the testimonies above, Scott placed great value in his bonds with his fellow workers. Scott also had a deep love for his children which wasn't always as easy to decipher. Like Scott Keith mentioned above, it was his way, or the highway. None the less, we shared many great times together. The best of which was the gift of three wonderful children, which I will cherish forever.

“ Mr. Moranda always impressed me during our parent conferences with his care and concern for Morgan. He not only wanted to know what she did on a day to day basis, but what he could do at home to help her with her work. For as long as Morgan remains at Mildred, please know that we will watch out for her and do whatever we can to lift her up. Your family will always be in my prayers.

“ Scott was one who worked hard and played hard. He was the one you wanted on your team as his part always got done and got done right.

I haven't seen Scott in over 10 years but he's thought of often, and I find myself using a lot of his short little sayings followed by "as Scott would say".
