“ You could not help but love Stacy! She had a beautiful smile and I watched her grow up. I told her quite a few times, Stacy girl I am praying for you, and she would always say that she needed someone to. Then she would flash that big smile and hug me! I loved her so much. I am so sorry for your loss, Buddy, Kim and the rest of the family.

This girl took my heart with her. I've only known her for around 14 years but really got to know her these last 5. She shared her life and family and friends which she loved dearly. She spent hours checking social media for recent post on family and grandchildren talking the whole time. Her smile could melt a piece of steel. I never had a better friend. May God bless her Family and friends. She will be missed dearly.
