“ Karen, I've thought of you these past few days and had you in my prayers. No one can tell you they know just how you feel, simply because they can only know how they felt when losing a close family member. Just remember, your Nanny is in a better place - my condolences to you and Crystal and all your family. I know you hurt inside and the loss of someone you loved and saw almost everyday is overwhelming, but it will get better and your memories will be unique just to you that you can retrieve any time you need.
