“ When we both think of Terry, we think of a gentle-spirited man that was concerned about other's well-being.

Our fond memories go back to our first Thanksgiving, overseas, and how Cathy and Terry invited us into their home with open arms. Of course, as we all know, Texans do tend to stick together! :) Terry had a way of making us feel like "family", even though we had only known him a few months before that first Thanksgiving. He was truly a Christian witness to the White family from Texas!

We love the Menely family and will always have such fond memories of our time together in Europe.

Our love and thoughts are with you all.

“ As I write I am reminded of all the weddings and anniversaries and happy times that August has brought to both of our families. People always say they don't know what to say. I found that stories helped so much. I remember Terry putting up that tire swing horse in our backyard at Dyess for the kids. He was a great friend. He and Dave are catching up on old times now. Terry touched many lives and I know how much you will miss him. You will continue to be in our thoughts and prayers. Love, Sheree
