“ i wish to express my most heartfelt sorrow for your loss. i knew terry for eight or nine years online through the Record Collector's Guild website. his wit is a part of him that i will miss quite a bit. his knowledge of music (blues records, especially) will leave a void at the RCG.

Terry, my friend, i'll see you on the other side.

“ To the Nelson Family,
Terry will be missed by all of us here at the fire department. We had the pleasure of working with him on several occasions when we needed new equipment. Terry always went the extra mile to make sure that the men and women of the fire service and law enforcement were taken care of. May God comfort your family in this time of sorrow and know that you are in our prayers. I know that Terry will keep an open channel for all of us in the fire service so we can talk to him when we get to heaven. May God Bless You.

“ To the Nelson and McCluney Families,

All of you are in our prayers and thoughts during this time of sorrow. I had the pleasure of knowing Terry for the last 29 years and enjoyed his friendship. I will always remember how much he loved his bikes and how he kept them cleaner than his cars. I remember how helpful Terry was when the Nav. Co. Fire Assoc. was trying to get the radio system up and going and he always there to make sure we had what we needed. I know if we could see Terry and Leslie now, they would be on Terry's Harley riding on the golden streets of heaven. May God bless your families over the days and weeks to come. To Terry and Leslie, we will all see you when we all get there.

“ I met Terry online two years ago when I joined Record Collector's Guild and quickly discovered what a wonderful guy he was. He made me laugh more than anyone has in a long time. His comments about music and life were just great and his graphic illustrations took me over the top.

Every time I followed a thread on the guild to a page and saw Terry's post I couldn't wait to take it in, let alone look to the left of each post to see his stoicly posed photo juxtaposed to the hilarity he had to say! It was a total oxymoron for me and I loved it. It was even greater when he'd superimpose his photo into his wry illustrations. WHAT A HOOT!

I send my love and prayers to Terry's family and friends. I will miss him very much. The Record Collector's Guild will certainly not be the same without him.

“ Dear Family of Terry,

May God's promises be yours always while you try to deal with Terry's untimely death. I still can't believe that we were messaging and talking about a radio coverage issues for one of his clients just last week. He just placed an order with us.

I am having a hard time processing the information of his death. As a fellow Motorola sales professional in the past in our careers; we shared a common sales DNA and a true passion for taking care our customers with unparalleled service and support..

We were both the same age...well he was ~2 1/2 months older than me but its close when you get to 62!

You should all be very proud of him. This is a tragic loss.

Our condolences and sympathy reaches out to your family, friends and his extended family at Huffman Communications.

Sincerely,

“ I met Terry 7 years ago online and we became friends after a short period of time in a community that was in its baby days way back then. Terry impressed with his humor, his willingness to help (even if it was "only" via listening) and his never ending supply of cartoons in whatever context that made people laugh. I also discussed riding the motorbike together with him once I would have retired - so Terry if you read this get your bike ready I will join you sometime and then we will show that "Ninja guy" the advantages of riding American iron.

Take care, I will miss you your friend Peter

And Pat & Aaron - although you most probably do not know me please accept my condolences on the tragic loss of Terry and Leslie. Your husband / father was truly a one in a million person
