“ *I am sorry for the loss. Tom was head coach at A&M while I was in school there and he had some fun teams to watch. He brought us an exciting brand of football and represented our school well. I am appreciative of his time. Alan, I don't know if you remember me or not but I used to purchase a lot of trucks from you when you were in Wichita Falls. We spent more time talking about golf than we did about vehicles, but I could always trust that you were making me an honorable deal. I hope you are doing well, and I'm terribly sorry about your loss. God Bless, Randy Breitling*

“ *Your dad had a huge impact in my life. He and his staff in Palestine filled a huge role in my life after my own father passed away when I was a freshman in high school. He was one of the men that made me want to pursue a career in coaching. He would allow me to sit in staff meetings and would talk with me as often as I liked about the profession and a future for me at Texas A & M. My thoughts and prayers are with you and your family at this difficult time.*

I remember as a 13 year old boy in Dallas watching Tom quarterback the Red Raiders on Saturday afternoons at the barber shop with my dad. He and the Golden Palomino, Donny Anderson, were impossible to stop and played an exciting brand of ball back then, so much so that I wanted to go to Tech after high school. I played there from '70-73, with Tom as our offensive coordinator. He was a hell of a quarterback, a genuinely good guy, and, maybe most importantly, a good leader of men. We'll all miss him. Rest in peace.

Mark and Julie: It is with great sadness that we learned of the deaths of your parents — they were both fine people and it was a privilege to have known them. As your neighbors in Bryan//College Station, we knew they were good role models for all of the young people with whom they interacted, including our children. Our most sincere condolences.
