“ *W.A. was an old wolf hunting buddy of my great grandfather, and as a kid me and my brother, and cousin would go out wolf hunting with him and W.A., was always out there. We would sit around the fire and and listen to the dogs running wolves, and listen to them tell stories of way back when. We always had a goodtime. I remember also the help and support he gave when we lost my grandfather in 96, wish I could have done the same for his family. He will be greatly missed by many and my thoughts are prayers are with the family Hmmm... I can see them now running the dogs after the wolves in heaven.*

“ I really thought alot of W.A. In the recent years as his health declined, he always tried to make the best of his life at that point in time. He liked to fuss and argue, but in a playing way. I feel that his attitude is what kept him going. I saw him routinely in his home, being his home health nurse, for several years until he had to go to the nursing home. He was always a character no matter what. I love you W.A. and I will miss you.
