“ *I am so sorry for your loss. W A was a great man. I will always remember his smile and how he would cut up with me when I was little. He always liked to give me a hard time about Beaver! He was always so supportive of the kids that rode and wanted all to have a good time.*

We have all been blessed by having such a kind and good man in our lives. He will be missed by everyone that knew him.

My heart goes out to all of you.

“ Mr. Dub was like a second daddy to me growing up. He just always included me without having to be asked. He would load my horse and haul it and me anywhere ya'll were going. He's the reason I got to ride growing up and he never made me feel like it was an inconvenience. From the first time Jackie Jo showed up at my house to ask me to spend the night I was made to feel like I had a family in the Jenkins home and I was made to feel like I just belonged there and although time has changed lives for everyone mine was changed the first time i was blessed with this family and I will always love you guys for it.
