“Dad, I hope you know how much I truly love you!!! I know we haven't seen each other in awhile, but you were always in my thoughts and prayers and I will NEVER forget you. I found out this morning that you passed away and my heart is completely broken. If I would've known you were in the hospital, I would've been by your side. I have so many regrets over the years with not seeing you and talking to you like we should've been doing all along. I have always talked to your grandchildren about going to Corsicana to see you, but we just never made it. We talked about it all the time and I wish I would've just made the time. My heart goes out to Granny and the rest of the family, too, in this very difficult time. Debbie, Kevin and I are going to see her this weekend and I only wish it were under different circumstances. I love you so much and will miss you deeply! We'll meet again in Heaven some day and then we'll never be apart again. I love you Daddy!!! Your daughter, Carmen
