“ *Will, you were the best neighbor anyone could ever ask for. I will miss our chats, lengthy debates, and your pecan pie. May God bless the ones you left behind like he did us while you were with us. Rest in peace my friend, and will see you again someday.*

“ *Will and I go back 25 years or more. I will dearly miss my friend whom often came to stay with me at my home the night before our annual golf tournament we would played in. Will gave me my first ever set of golf clubs.*

*Kristi, i am so sorry Will has left us from this world but be assured that he is in a better place now than he was a few days ago. many times he and i talked about our families and oh how he loved his Kristi. time will heal emptiness but his memories you will have for ever.*

*thank god for the years you were together here and remember the love and laughter you shared. there is one thing i have come to agree with my pastors saying, and that is - we have to live life to its fullest and thank god every day for blessing for we are not promised tomorrow. when our life is over on this earth its just a new beginning in heaven. God bless my friends family.*
