“ *I am so sorry to hear of Bill's passing. I met Bill very early in my career with Mobil and he was one of my favorite people! I got to know Bill even better when he and I played in a tennis ladder at work one summer. When he retired, we kept in contact every year with Christmas cards. I will so miss Bill's humorous adventures from the ranch! What a kind hearted man who will be greatly missed!*

I worked with Bill at Mobil in 1980 and we became great friends. He and Barbara would invite me to dinner at their home, and I got to know their daughter Marie. When Bill retired, I spent weekends with them at their ranch riding horses, feeding the cattle, and enjoying being away from the city. I just found out Bill passed away in 2019 and Barbara six months later. Now I know why I haven't received Bill's Christmas cards with funny stories the last two years. So many wonderful memories and they will be missed.

“ *So sorry to hear of Bill's passing. We both worked for Mobil as geologists and followed each other around through several locations from 1962 until retirement. We became good friends and enjoyed many hunting trips together to several western states and a special memorable fly-in moose hunting trip to the Canadian province of Ontario where we botched filled our moose tags. He will be greatly missed by those of us who knew him well.*

“ Bill was my uncle by marriage; he and my aunt Barbara were married close to Christmas when I was in 5th or 6th grade. I was thrilled to be their flower girl in the wedding. Bill had a very quick, dry wit which some of the adults in my family (especially my grandmother) did not appreciate. But Bill always showed a special kindness to the kids in our family. When my parents and I went for a visit to Barb and Bill’s ranch in Rice, Bill played Dennis with me and took me riding around the ButterBee. Bill always had special feelings for all his animals, domestic and wild. He and Barb took in countless stray dogs.

Bill was a good man, and I’m glad to have known him. I last spoke with him just two weeks before he passed away, and I knew that he was in pain. I’m grateful that his earthly suffering is over.

Hello, we just purchased your uncles property. I was trying to find some history about this place. We sure do love it here. Just know it is being well taken care of and loved on. I am an animal lover as well. Thank you for writing what you did. Oh btw what is the “butter bee”?
