“ Our prayers and thoughts are with you and the family with your sudden and great loss of you ----- . May the Lord hold you tight in his hands through these difficult times and may His sweet spirit hold you and walk with you through these difficult days. May you remember that He is there and will lead and guide you through these difficult days. As you feel the sunrise and sunset may you know that Yoli is there in your memories and the days of your love shared together that you share those memories together with family, as you make it through these difficult days, together. Psalms 23:4 " Yea, though I walk through the valley of the shadow of death, I will fear no evil;
For You are with me;
Your rod and Your staff, they comfort me." The keyword is "through," God is with you always!

“ Yoli was a very special person. She was a very strong woman. I had the privilege of taking care of her in the beginning throughout the journey she traveled. It was a long journey but she was a determined woman to not give up. I have never met a more stronger woman. I thought of her as not just a patient of mine but a friend and mother figure. I will always admire and look up to her. I am glad she is not hurting anymore. It saddens my heart that she is not with us. But heaven has received a beautiful angel. And we will meet up with her again.
Prayers for the family.
